

Ways to Use Your Humvee for Power

Don't depend on the grid when disaster strikes.
Put your family's survival into the closest hands: yours.

With the right off-grid power sources, your Humvee can mean the difference between comfort and suffering, or even life and death. Graywacke has the products you need to keep your life running even when the world around you stops.

What You Have:

What You Need:

- NATO Slave Cable
- Slave Cable Inverter
- Slave Cable Converter
- 24 VDC Maintenance Charger

To weather the big storm—or whatever emergency may come your family's way—pair your Humvee with our off-grid power sources. Visit our pages to see what products will work best for you.
